	on Rs 21/2. The Dy Com reports that the revised scale was not given effect to by the Muni Board for the reason assigned that a professional Scavenger could not be had for Rs 16 1/2. In 1907 the alteration of the scale was proposed on the ground that the B[oard] had secured the services of a scavenger on Rs 16 1/2. The present explanation for not giving effect to the orders of Govt conflicts with the reasons for the proposal made in 1907. Sir,

I have the honor to state that in the Municipal Budget-estimates of a few years past the marginally noted scale is being provided for the Conservancy establishment of the Hosadurga Municipality. This provision has also been made in the ensuing year's Budget

Sweepers 4	(4½)
Scavengers 1	(6½)
Scavengers 1	(8½)

2 In contravention of this provision, pay is being disbursed to 9 sweepers at the rate of 4½ rupees each per mensem, the total cost Rs 40-8-0 being however the same under the two scales The fact having been brought to notice, the Vice-President of the Municipality was directed to submit a detailed report on the matter

matter

3 It is reported that prior to the year 1908-09, pay was actually being disbursed to 9 sweepers at the rate of 4½ rupees per mensem in accordance with the Budget provision — and that the change providing for two scavengers and reducing the number of sweepers from 9 to 7 has appeared in the Budget for the first time in 1908-09. Further it is stated that this change has not been acted upon till now, the old scale only having been in force all along

4 The continuance of the old scale is unauthorized and irregular in the absence of specific orders allowing the same

5. The Vice President of the Municipality explains that as the services of two professional scavengers could not be secured for the small pay of Rs 6½ and 2½ per mensem as provided in the Budgets subsequent to the year 1908-09, nine sweepers at 4½ as per old scale have been continued and they have been attending to conservancy as well as

3

as well as the scavenging work of the town.

6 The existing rearrangements of hands as explained above involves no additional expenditure to the Municipality and I therefore consider that the same may continue.

I

7 In these circumstances I request that the marginally noted alteration may kindly be ordered to

that the Board has not been able to give effect to the altered Scale of that the original Scale of 9 Surveyors on Rs 4 1/2 each which involves no other cost may therefore be restored.

Order thereon. No 561-2 dated 5617 dated 10-7-13

On the representation of the Hosadurga Municipal Board contained in the President the Scale of the Conservancy Staff was altered under Orders Contained in G.O. No 1130-1 dated 98 07.2 of the 6th August 1907. It is not satisfactory to report after the lapse of nearly Seven years that the altered Scale could not be given effect to It is also observed that the reasons now advanced for reverting to the old Scale conflict with those urged in 1907 for altering modifying it. The Scale of 9 Surveyors on Rs 4 1/2 each is however restored as now requested.
